Full Service Fire Extinguisher Company + Division 10 Specialty Equipment

Helping General Contractors with Complete Division 10 Specialty Solutions for Safe, Compliant Commercial Buildings.

Denny's Fire Control provides a comprehensive selection of Division 10 specialties and workplace life safety equipment for General Contractor's to meet industry compliance requirements.

Our product offerings include medical aid cabinets and first aid supplies, AEDs, emergency eyewash stations and safety showers, fire safety signage, cabinets, and other essential life safety equipment. We also provide inventory management, inspections, and ongoing service programs that help ensure critical emergency equipment remains properly stocked, maintained, inspected, and ready when it is needed most.

Whether you're outfitting a new facility, upgrading existing equipment, or establishing a comprehensive workplace safety program, Denny's Fire Control serves as a single, trusted source for the products, expertise, and ongoing support your organization depends on to protect employees, visitors, and occupants. Our services are never subcontracted out, and our locally based team of NFPA 10 certified technicians supports clients across the region.
